sean.barker@yahoo.comNOTICE OF ADMINISTRATIVE LAW JUDGE'S RULING

Dear Sir/Madam:

Notice is given that the Administrative Law Judge has completed a review of One Energy LLC's ("Applicant") February 9, 2012 filing and hereby rules that the information described below shall be filed with the Chief Clerk of the Illinois Commerce Commission ("Commission") on or before February 22, 2012. The response to this ruling must include (1) the docket number, case caption, and an original signature, (2) a verification page, and (3) a certificate of service indicating that the response was served on all those on the service list. The response to this ruling must be actually received by the Chief Clerk by the date indicated, regardless of whether the response is filed with the Chief Clerk electronically or as hardcopy. Applicant shall also electronically serve a Word version of its response on the Administrative Law Judge (jalbers@icc.illinois.gov) by the date indicated.

General Requirements

Paragraph 7 of the application form directs an applicant to identify other jurisdictions where it possesses similar authority to provide ABC services. Applicant states in its response to the February 2, 2012 Administrative Law Judge ruling that "We are looking to expand in to several other areas/states but are operating with Ambit Energy in several states."

1. Please identify those states in which Applicant is currently operating.
2. Please identify those states in which Applicant has any pending applications.
3. Please identify the name Applicant uses or intends to use in any other state.
4. Please describe the relationship between Applicant and Ambit Energy.
5. Please identify any complaints against Ambit Energy concerning Applicant (to extent that Applicant is aware of any such complaints).

Managerial Requirements

In light of Applicant's failure to submit a fully and properly completed application, as set forth in the February 2, 2012 ruling, please explain why the Commission should conclude that Applicant possesses the requisite managerial skills.

Technical Requirements

Section 454.70(a) and (b) requires Applicant to demonstrate it has experience in the electric industry of at least one year and to provide occupational background information for the person(s) with that experience. In its response to the February 2, 2012 Administrative Law Judge ruling, Applicant indicates that it is using Sean C. Barker to meet the technical requirements of Section 454.70. Applicant, however, did not provide any additional background information on Mr. Barker that demonstrates that Mr. Baker has at least one year experience in the electric industry. Applicant also provided background information on Todd Bird; however, that information does not clearly demonstrate that Mr. Bird has at least one year experience in the electric industry. Please provide additional background information on Mr. Barker and/or Mr. Bird that clearly sets forth and describes experience in the electric industry of at least one year.

Sincerely,

Elizabeth A. Rolando
Chief Clerk
